AmeriCares

Medical Outreach Program

Donating medicines and supplies for charitable work around the world

AmeriCares Medical Outreach Program donates medicines and medical supplies to U.S.-based health care practitioners traveling abroad to provide charitable care.

Each year, we supply products for more than 1,000 trips to approximately 80 countries where basic health care is unavailable or unaffordable.

What AmeriCares Provides

Participants can choose a broad range of products from our online ordering system:

- Primary care medications
- Nutritional supplements
- Anesthesia
- Surgical supplies
- Over-the-counter products

Helping People in Desperate Need

Medicines donated by AmeriCares cure potentially deadly infections, relieve debilitating pain and help patients manage chronic diseases. We also provide anesthesia and a wide range of medical products for lifesaving surgeries.

Thanks to our donations, surgeons are able to correct cleft lips and palates, repair congenital heart defects, replace arthritic joints and remove blinding cataracts, giving patients a chance for a better life.

To request a product donation, go to our website americares.org/whatwedo/mop
