#FairfieldCountyGives: Last year, Americares #FreeClinics provided care for nearly 3,000 low-income, uninsured patients in Connecticut. Genesis is one of those patients. By the time Genesis visited the Fred Weisman Americares Free Clinic of Bridgeport, she could barely walk! First, our clinic's rheumatologist was able to provide a short-term solution to alleviate her pain. Then our clinic's orthopedist was able to refer Genesis for a total knee replacement, which as been a success—thank you!
